# STAINLESS STEEL MODULAR FURNITURE

Our modular SS furniture systems are purpose-built for cleanroom and laboratory environments where hygiene, durability, and adaptability are non-negotiable. All units are crevice-free, fully welded, and feature mirror or matte electropolished finishes.

- Trolleys, cabinets, racks, and storage systems
- SS 304 / 316L with electropolished finish
- Seamless welding — no particle traps
- Cleanroom-compatible casters and fittings
- Custom dimensions on request
